Dungarvan Barracuda Swim Club **Code of Conduct Form**

The codes of conduct set out fundamental behaviors expected from each person involved in sport and young people. Clubs and regions should ensure all members sign up to the relevant codes of conduct annually as part of the membership renewal. Signing a code of conduct is a mandatory requirement of membership and is a Swim Ireland rule, and failure to sign cannot be used as a challenge against ignorance of the code of conduct.

For safeguarding and well-being of young people the following codes state expected behaviors for:
Young People – this code may be added to by young people when creating a squad/club specific code or contract.

Parents – this code includes expectations of parents and encourages their involvement in regions and clubs.

Coaches/Teachers – this is behavior expected from a coach or teacher, including Swim Ireland's Associate members.

Leaders – this covers all roles not otherwise specified including Children's Officers, Team Managers, Officials, etc.

Each of these codes of conduct are available separately. These codes of conduct do not replace, but act in addition to, other specific codes or expectations of behavior for Swim Ireland roles and activities including, but not limited to:

- National and regional board
- National, regional and club committee
- National, regional and club coach and teacher
- Performance Centre staff and athlete
- Official
- Team manager

Course attendees

Individuals attending a specific educational or training course are expected to abide by the relevant code of conduct during a Swim Ireland course (plus adhere to course stipulations/contracts).

If, on completion of a Swim Ireland course, the individual becomes or is an existing Swim Ireland member the course attendee is bound by the relevant code of conduct for their role as a member of Swim Ireland.

If, on completion of a Swim Ireland course, an individual does not have any further involvement with Swim Ireland, they are not considered a Swim Ireland member. The individual's details and record of qualifications remain on the Swim Ireland database system according to our Data Retention policy.

Dungarvan Barracudas- Code for Young People

As an athlete, you have rights and responsibilities. The following code will help identify these for you – if you are not sure ask your parent or your Children’s Officer to explain them. This is your Code, whatever your ability or wherever you take part in the aquatics. You should follow the code and encourage others to do so too.

In our sport you should:

- Say no to something which makes you feel uncomfortable

- Behave in a manner that is respectful towards your club, your region and Swim Ireland
- Never use violence or bad language; do not shout or argue with leaders, teammates or opposing participants – talk to someone if you are upset or angry or if someone has caused you to be upset or angry

- Not take, or allow others to make you take, banned substances to improve your performance

Swim Ireland & Dungarvan Barracuda Swim Club accepts that it is not possible for any sport to eliminate the risk of the spread of the COVID-19 virus completely and will work with all stakeholders to minimize risk; this concept must be fully understood and accepted by all Swim Ireland members who wish to return to the water and resume aquatic activities

As with all exercise and activity at this time, swimming must comply with standards for social distancing and safety within sports facilities. Swimming, particularly within a club specific setting, does not require direct contact between athletes or coaches and social distancing can be maintained throughout training sessions, both in the pool and in the gym. We can create safe plans for the usage of our pools to deliver swimming coaching and deliver this in a manner which is compliant with public health directives. The HSE has indicated that water with the recommended levels of chlorine will inactivate COVID-19. Proper operation and maintenance (including disinfection with chlorine) of such pool facilities should inactivate the virus in the water.

The purpose of this document is to ensure everyone has considered the relevant risks and the required protocols and behaviors required to return to the water as safely as possible, and to confirm adherence to same.

Please answer the following questions and return it to your club as per their instructions:
